

DF-1240 Wire Forming/ Wire Bending Machine

Wire Bender attachment
Option

Features:

- It's both a wire former & wire bender with our patented bending solution.
- Remove the wire bender attachment & the DF-1240 is a former with option to add two additional servo spinners

Features:

- Max. 16 axes
- Yaskawa servo motor (10)
- Sanyo Denki motors for wire feed and rotation
- Rotating wire & quill
- Servo slides (8)
- Windows computer
- Servo spinner (#1)
- Full set of tooling
- 1000 kgs. Decoiler

Optional:

- Wire bender attachment (3 axes) up to 7mm soft wire **New!**
- Hydraulic cutter
- Servo spinner (#2)

Specs:

Model	Delta DF-1240
Axes	12 Std. – 16 Max
Wire Capacity	0.047-0.177" (1.2-4.5mm)
Max. OD	4.724" (120mm)
Max Feed Speed	394ft/min (120m/min)
Spring Index	4
Feed Roller Pairs	4
Wire Feed Servo Motor	4.4kw
Quill Rotating Motor	1.8kw
Eight Slide motor	1.3kw*8
Power	220v, 3phase
Dimensions	110" x 87" x 83" (2800x2200x2100mm)
Weight	9,260 lbs. (4200 kgs)
